WHAT OUR CLIENTS SAY.

"I got NZ Business Connect to design a website for my consulting business. The process was highly professional. The website met my requirements and I was thoroughly impressed with the final product and many of my customers conveyed the same sentiment,"

- Dr. Gordon Rajendram - The Soil Scientist

Through a combination of article marketing and strategic social media NZ Business Connect delivers a constant stream of relevant content to our online presence and increases brand recognition from higher Search Engine Optimisation.

The story of our successful business has been promoted online. Phillip Quay has a team of journalists who produce articles for the web targeted at increasing Google search hits and web visibility.

"We are a member of Business Connect and have found that it is focused on providing excellent service and referrals. It is driven by results and has a team of highly skilled and creative individuals who work together to produce great outcomes. If you want your brand to be noticed Business Connect is what you need. It is able to help you reach your target audience and engage with them in a way that is impactful."

- Jacques Schoeman, MAD Media.

"Business Connects passion for bringing like-minded, positive and enthusiastic business owners together in an environment where Networking and Referring people/leads to members' businesses appeals to me. Don't we all want to grow our businesses?"

-Wayne Cooney, Your Go-To Insurance Broker

WHY CHOOSE BOOST?

Here are just a few awesome reasons

CONTENT IS KING

Content marketing is the art of communicating with your customers and prospects, without selling. In today's marketplace, image is everything. How your company looks to the outside world sets the tone for all of your interactions with customers, partners, media and other key stakeholders. **You cannot afford to present an unprofessional or inconsistent image of your business.** By sharing and promoting your business expertise online, you connect with current customers, who then share your content to bring in new customers. Let our team of professional journalists and copywriters enhance your online presence with content that connects with your audience.

RANK HIGHER ON GOOGLE

Today, SEO (Search Engine Optimisation) rankings are achieved through the combination of building a responsive website which works for your visitor and having great content across all social media platforms - including professionally written articles, pictures and videos published, posted and shared. **As content marketing and search engine optimization (SEO) come together, more links, shares and other relevant signals that increase search engine ranking will be attracted.** Our SEO experts work their magic deliver clear results as quickly as possible..

SOCIAL GIVING

Social giving is something which sees others benefit from the generosity of businesses. Social giving is something we can all get on board with. It is about giving back to the communities which we operate in. People within our communities can benefit from what we do and that is the **ultimate** reward.

WHAT ELSE WE OFFER

Need a little extra? We've got you covered!

Websites

Your website is a powerful marketing tool. A well-maintained website can help you gain a competitive advantage in your industry and improve your business image. Developing your website offers many benefits including helping you get more leads and prospects, increase sales, enhance your professional brand, and improve your customer service.

Videos and Photography

Video marketing is using and incorporating videos into your business marketing campaigns and strategy. It can be used to engage with customers, promote brand awareness, introduce products and services, and the list goes on and on. Video is critical to your content strategy because it's snack-sized, memorable, and measurable. The need for photography is a no brainer.

Remarketing

Advert Remarketing helps you reach people who have previously visited your website or used your mobile app. Previous visitors or users can see your ads when they browse websites that are part of the Google Display Network, or when they search for terms related to your products or services on Google.

Branding

In the clutter of online ads, social media and business content, one single factor gives you 4 times the visibility of your competitors. That factor is branding. The benefits of branding for the future are well-documented and seemingly endless. Branding drives costs down throughout the organization while increasing revenues.

Social Giving

In this day and age, the new generation of people loves to see companies giving back to the community. It shows that businesses are not just in it for themselves and will be more caring to their clientele.

WHAT ELSE WE OFFER

Need a little extra? We've got you covered!

Networking Event for your Business

Business networking events are vital for professionals looking to expand their horizons and grow their careers. These gatherings provide a unique platform for individuals to connect with like-minded professionals, exchange ideas, and foster meaningful relationships.

Logo Design

Logo design is a crucial element in branding that encapsulates the essence and identity of a business or organization in a visual symbol. It's the first impression a company makes, representing its values, mission, and character. A well-crafted logo is memorable, versatile, and conveys a message at a glance.

Sponsorship Packages

Sponsorship offers a myriad of benefits for both parties involved. Firstly, it provides a valuable avenue for businesses to enhance their brand visibility and reach a wider audience. Through sponsorships, companies can tap into the existing fan base and credibility of the event or individual they are sponsoring, thereby gaining trust and credibility themselves.

Email Marketing

Email Newsletters are a great way to reach your audience. You can offer exclusive deals and opportunities for those who follow you, encouraging further support and keeping at the top of their minds.

NB: These additional services are not included in the Boost Packages
