

New Zealand's fastest growing business social networking group with referrals.

Fun, friendly and always fresh!

Business Connect is a way for you to connect with talented professionals from a range of industries.

It's a powerful way to meet new people, develop your business and broaden your business network.

It is fabulous to see business networks like New Zealand Business Connect operating in Hamilton and the Waikato. It can be tough in the business world and ways to connect and support each other in the business community are extremely helpful. I have enjoyed meeting with a range of businesses at the Business Connect events that I have attended.

*-Paula Southgate, Mayor of Hamilton*

## MEMBERSHIP BENEFITS
