

## Office Printers

Our range of MFD's are designed to meet or exceed your business requirements. CopierWorld offers the range of Toshiba, Canon and Kyocera to ensuring the greatest range of choice for our customers.

## Voice & Data

Want to change the way you communicate with your customers and suppliers? Our range of VoIP systems including Yealink and Grandstream handsets and Cloud PBX offers outstanding flexibility

## Display Solutions

CopierWorld has partnered with MaxHub to offer the best range for Education and Commercial Interactive whiteboards. Simply plug into the supplied dongle and present information without needing to worry about Wi-fi or firewall issues.

## Control printing

Need to control your printing costs and reduce wastage at the copier? Then talk to us about Papercut or Uniflow to release only the documents required. Or need to print remotely and collect the documents when you are back in the office-easv with CopierWorld and cloud Print & Scan.
